We're certainly continuing on the Weather Playground: riding a roller coaster or a sliding board of unusually cold or unusually hot weather! Take care.

We have news of two sorrowful events to share: the passing of **Nancy Donovan**, who came to Sennett Seniors before covid with her husband, **Joe**, who survives her, and Ray Flanagan, brother of member **Helen Flanagan** and brother-in-law of member **Deanna**. **Pat Baran (315-834-9993)** remains ready to send a card of caring to any member you may recommend to her as appreciating our thoughts via USPS. Just let Pat know.

A few brief reminders: **Cost of luncheon meetings remains @ \$20 per person, with exception** for the "90+ Club", whose members will pay \$10.

It's time for dues payments. **The price of dues has gone up to \$25 for any member who is not a Sennett resident.** Additionally: If you know of anyone who has decided not to continue as a member, would you please let Kathy know so she can remove them from the membership list. Thank you.

Check the back of this newsletter for information about many **trips sponsored by various senior groups** in our area.

Our bus trip to Cortland Repertory Theater in June has been filled; but there is a waiting list. See Russ if you are interested.

Our canal trip—3 hr. A boat trip along the Erie Canal has a few seats available. Again: see Russ if you are interested. Deposits are due to Russ asap because the confirmation date is near! And please remember that trip deposits are no longer refundable.

Continuing thanks to all who have helped our record-keeping by **writing separate checks for separate purposes (dues, meetings, trips).** And your writing the purpose of each check on the memo line is much appreciated!

Although our meeting location for July is not quite certain, we will have further information about it at **our June meeting, which will be on Wednesday, June 17th @ 11:30.** Money due and RSVP date is June 8th. We'll meet at **Yawger Brook** to celebrate our birthdays and indulge in our **Puzzle and Book Exchange!**

Speaking of books, how 'bout this for a summary of:

The Very Hungry Caterpillar

...the book that convinced an entire generation of toddlers that overeating could be cute. This little caterpillar munches his way through fruit, cakes, and ice cream (pretty much the dream diet) until he turns into a butterfly, which is definitely the most dramatic weight loss transformation story ever. Simple, colorful, and full of charming illustrations, this classic is a reminder that sometimes, all you need in life is a good snack and a nice nap to feel fabulous—oh, and maybe some metamorphosis thrown in for good measure.
